

Parent/Carers' Questionnaire Responses

Q20 What do you like best about Victor Seymour?

The school has been excellent from beginning to end as both my sons take their first education steps.
I really appreciate all the teachers, including the Head and Deputy Head knowing all the children by name.
The ethos. The staff are outstanding. Brilliant, friendly school
How happy the children are to be there!
The personal touches and you are made to feel part of the school/very welcome as parents. We are lucky!
How friendly my son's teachers are in his class. They always have a big smile to greet me and Samuel on drop off and pick up.
The whole aspect from teachers to the head . They are always striving to provide the best learning experience for the children
Personal responsiveness to different children and their needs tied with feeling part of a school community as a parent
The open door policy, I have never felt I could not approach the office or Head.
The teachers seem to really care about the children.
The staff are outstanding. Zac has been very lucky from Nursery to Year two to have (in my opinion) the best teachers and TAs year after year. It's a small setting and although I am gutted he will be leaving for year three it's nice that the school is so small and intimate as it makes it more personable.
My daughter loves coming to school. I'm happy that she's happy. I love all the different things that the school, staff and PTA arrange for children to do inside and outside of school time. The fayres, school trips and the special events like the horse and carriage. I don't ever remember having such wonderful things to look forward to when I was at school.
The community feel, teachers that genuinely seem to enjoy their work, how my child is encouraged to be the best version of himself.
Friendly, safe, welcoming feel to the school. Inviting learning
The friendliness. School Reception is amazing and I always feel I can pop in there with a query. My sons teacher is brilliant and is just as enthusiastic about his learning as I am.
I have no specific complaints about any aspect it is just harder to keep in direct contact as a parent who is not on the gate with wrap around breakfast/after school
It is a small school that feels like a family. Fantastic communication
The office staff are fabulous, kind, friendly and so welcoming! I really like our green class teacher, my child has responded really well to the teacher.
Open door friendly, professional, they know the kids names and everyone is happy there esp the children
Friends, welcoming, safe
There nothing about the school as such that I do not like
Small close knit environment. Children are happy and learning well
The education! My child is now more protective to the environment, animals, plants, and being kind to everyone. I believe the school has made a big impact in her reception year. Thank you! :)
The teachers and headteacher go out of their way to get to know every child and their individual wellbeing.
my children are happy here
You think about everything to do with the children, not just their education. I.e. well being, workshops for parents etc
The school's locality is helpful but the best thing is its focus on reading.
All the learning tools given to help the kids more, like Busy Bees reading eggs etc
Nurturing environment where individual achievements, academic and otherwise are celebrated and acknowledged. Family feel where staff know the children and look out for them.
It's good professional school always made feel welcome and everyone is helpful and happy
I simply love the fact that each student is known well, cared for, and respected as well as challenged and supported to

achieve their best.

It is a very nurturing, caring place. Nothing is too much for teachers and senior leadership, children are challenged and taught good morals.

The small community feel of the school. It feels like a safe space for the children and the staff are always welcoming and seem to genuinely care about the children and their development. I also love the new experiences you offer them such as the Bocketts Farm trip and Horse and Carriage ride.

The teachers because they genuinely care about the children. It creates such a lovely and welcoming atmosphere and the children thrive.

Teachers and all staff are professional at all times but most importantly all children are comfortable and happy with their presence. It truly reflects in the children's education.

Strong school community that is nurturing and supportive and my son loves coming to school. How approachable all staff are.

The learning environment for children - learning through play is fantastic for children at this stage, and VS does that in a phenomenal way.

Learning programme. That they make learning fun, interactive and memorable. That our daughter loves going to school

The headmistress and the deputy head are always around and available to talk to. I love the fact one of them is there at the end of the day to say goodbye to the children/parents. The teachers are all lovely and approachable. The admin staff are so friendly. It's a lovely school. The only downside is they can't stay longer!!

The standard of teaching seems high. The teachers are really friendly and Mrs Matt seems very present around the school and seems to know all the children.

The teachers and the atmosphere in the school .Focus on learning (for all)

The warm and welcoming environment - it does feel like a community. How they put children first and plan interesting learning. The way the school supports all of the children

The high quality teaching and professionalism of all staff, and the care for the children
